To select partners, our institution firstly contact potential partners, looking for institutions that provide the same specialties our institute provides. The countries that may interest are: United Kingdom, Ireland, Germany and Italy. Also countries like Poland, Bulgaria, Lithuania, Finland and Turkey.

The main objectives and target groups of the mobility activities are:

- Expand the knowledge acquired in our institute
- Know how to work and study in other European Community countries
- Learn / improve the language of the country where they perform mobility
- Requering to case of teachers they can have institutional relationships

IES UNI-ERMUA EIBAR BHI being a public institution studies offered are handed by the Education Ministry of Spain, with official qualifications.

If the host country accepts the Europass document, it will be completed and signed by the two institutions: the school of origin and the center or destination of the host institution; allowing the students participant to present this document at any European institution in recognition of their mobility.

Our institution does not participate in the development of multiple or double degrees or combined.

If applicable, please describe your institution's strategy for the organisation and implementation of international (EU and non-EU) cooperation projects in teaching and training in relation to projects implemented under the Programme. (max. 2000 characters)

•Firstly provide information on the studies that we impart both in www.iesunibhi.com web page and seeking institutions that provide the same studies that are in our school as well as and educational associations to inform of European countries about the interest we have to perform exchanges between students and teachers

•Also inform the Education Ministry of Spain, and Bussiness Associations and Embassies / Consulates of our interest in collaborating with other institutions for the mobility of students and teachers

•Once an institution informs us that it is interested, we present the objectives and purpose of mobility, as well as dates and activities of teachers and students.

The technical departments of IES UNI EIBAR-ERMUA BHI together with the companies will plan the students' work program:

•All the students will make a course of 15 days of the language given by the host organization and based on the acquisition of technical capacities

•The technical department according to the official CV of the students will detail all the tasks that they have to do.

•These tasks along with the Presentation Letter and the European CV will be sent to the host organization at least two months before the stay.

•The host organization with these documents will find a suitable company and will put in contact the student and the coordinator of the I.E.S. UNI EIBAR-ERMUA B.H.I. with the company.

•The host organization and the coordinator will sign a contract where each part assumes its responsibility during the project.

•The coordinator will send all the procedures necessary to control the project to the host organization.

•The instructor of the company will supervise the student daily practice.

•Every month the coordinator will receive the information of the development of the program from the particular instructor and the student.

•The evaluation of the project will be carried out at the end of each phase

Please explain the expected impact of your participation in the Programme on the modernisation of your institution (for each of the 5 priorities of the Modernisation Agenda*) in terms of the policy objectives you intend to achieve. (max. 3000 characters)
